## Feature

To install:

⚠ MINIMUM CEILING THICKNESS Z:5mm  
MAXIMUM CEILING THICKNESS Z:20mm

⚡ Please make sure that mains is disconnected before proceeding!

1

fit mounting kit into ceiling hole

2

fix two brackets of mounting kit by 4 screws

3

use hex wrench to tighten frame with brackets while adjusting the bottom of frame to be flush with ceiling

4

plaster ceiling to hide screws and mounting kit

5

⚡ Please make sure that mains is disconnected before proceeding!

connect the power wires from AC power source to primary side(L&N) of driver, then connect driver and fitting by harness connector

6

insert LED driver and all excess wires into ceiling then carefully insert light fitting into mounting kit until fitting is locked by springs inside of frame
